MJR & Virtue Focus: Happiness Comes From Doing The Right Thing - We all want happiness and we tend to think that things like toys, computer games, sports gear etc. will give us happiness. If we are doing the right thing by our parents and teachers, we will be happy as our consciences are clear. As soon as we do negative things we feel guilty. Part of being happy is being grateful for what you have. During the week think of some things that you are grateful for.
